Please visit  
**buildingflathead.com**  
before the show  
for up-to-date  
information.

- **2026 is bigger and better!** This sold-out show features both the Trade Center and the Expo Building, filling 62,000 sqft with 180 vendors across 325 booths!
- **Complementary shuttle service** between the Trade Center and Expo Building courtesy of Montana Trolley Company!
- **Parking is available** at both buildings.
- **Entry to the show** is \$7 per individual or \$20 for a family of four.
- **Tickets are available** for purchase at the door or online via credit or debit card using the QR code below.
- **Active military, veterans,** and their families are free with a military ID. Thank you for your service!
- **Check out our Kids Corner** sponsored by Three Rivers Bank and the Title Team! Please note: Children may not be left unattended.

Custom Tiny Homes on display at the 2025 Home and Garden Showcase. (JERAD HILL PHOTOGRAPHY)

- **To enter the Grand Prize Shopping Spree,** you must check in at the CityServiceValcon booth in both the Trade Center and the Expo Building.
- **Bias Brewing** will be selling beer, wine, cider, and mimosas in both buildings.
- **Food vendors** will be selling food, coffee, and drinks at each building!

**Thank you! We're looking forward to seeing you at the show!**

# Welcome!

## HOME & GARDEN SHOWCASE 2026

**H**ello and welcome to the Flathead Building Association's 2026 Home and Garden Showcase! We are so glad you're here to experience the exciting new changes that we've implemented this year. As you explore the event, you will find that we are now showcasing our vendors in both the Trade Center building as well as the Expo building. That's right, we've added 70 more vendor booths to accommodate a better show experience and highlight the incredible people in this industry. Another fun feature is that we are offering a free shuttle service by Montana Trolley Company as a guest convenience which will help escort you from one building to another. With the added space to spread out, expanded food options and more vendors, we're sure you'll have an amazing time!

The Home and Garden show is more than just an expo; it's a way to get inspired by the latest trends in home building, design and beyond. Let creativity be your guide as you immerse yourself in the offerings of innovative products and services that our vendors can't wait to share with you. You'll have the opportunity to talk directly to experts to bring your project design and creative dreams to life.

The Flathead Building Association is proud to host this annual event because we truly believe the investment that we make by bringing our members together directly impacts our community in a positive way. By creating thoughtful programs like Fix it Forward, Young Professionals and Professional Women in Building, the FBA is able to further benefit the future of our industry and the professionals involved, right here in the Flathead Valley. We're also proud supporters of the Kalispell Student Built House initiative, where local students can harness their interests in the construction industry and learn hands-on skills. Be sure to stop by the Glacier Bank booth to learn more about the program.

We hope you will find this year's Home and Garden show to be the most inspiring yet – happy dreaming, designing and connecting with others to fulfill your creative vision.

# The Flathead Building Association: Your Local Resource

**O**n behalf of the Flathead Building Association (FBA), welcome! Each year, our Home & Garden Show draws nearly 4,000 attendees from across the Flathead Valley, including homeowners, community members, and friends. This event is more than a showcase of products and services. It celebrates the expertise, creativity, and partnership that make our community thrive.

At FBA, we strive to be the leading resource for the building and housing industry, thereby positively impacting our members' businesses, local economies, and communities. That vision guides everything we do, from supporting member businesses to serving families and neighborhoods throughout Northwest Montana.

Our members are the heart of this event. They include builders, landscapers, tradespeople, architects, designers, suppliers, lenders, real estate professionals, cleaning and home services, and more. All are committed to quality and integrity. As you explore the exhibitors in this magazine, we hope you'll find the right professionals to support you throughout your home improvement,

building, or remodeling journey.

One of the easiest ways community members can connect with local professionals is through our Builder Connect service on [buildingflathead.com](http://buildingflathead.com). Submit your project needs, and we'll help link you with FBA member contractors ready to partner with you.

Finally, this magazine itself is a resource. This guide helps you find member businesses that care about quality, community, and your home. We encourage you to do business with a member and support the local economy that strengthens our entire region.

If you're a local building professional in the Flathead with similar values in your work, we encourage you to join our membership!

Thank you for attending, exploring, and investing in this vibrant community.

# Quality, Service, and Project Solutions You Can Count On

For over 90 years and standing the test of time, Sliters Lumber & Building Supply partnered with TimberTech to be Flathead Valley's **exclusive stocking dealer**. TimberTech decking provides the beauty of wood, yet is engineered for performance and longevity.

TimberTech decking resists fading and staining — and won't splinter, peel, crack, or rot. Your deck will look and perform beautifully for decades without the worry and maintenance of wood — all with industry-leading warranties!

Our experienced team members will help you explore colors, finishes, and materials to design your dream outdoor space. We look forward to helping you plan your project. Let's get started!

## BUILD ONCE. BREATHE EASY.

Healthy & High Performance Homes for Montana Living

Clients come to us early so they can understand their options before building begins.

We plan carefully, communicate openly, and then build with precision.

The result is a healthy, comfortable home — and confidence throughout the build.

“Glacier Peak Homes made sure our home was healthy and beautiful, with great attention to detail and clear communication.”

Mark and Terrie

Owners of the 2025 Parade of Homes Winner: Judge's Choice & Best in Class

### Start with a Planning Meeting

a relaxed conversation about your property and priorities.
